

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each international business. Transporting industrial goods happens each and every day on our hectic world. Originally innovated as industrial vehicles in the 1930s in the United States, lift trucks gained popularity after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread worldwide.

In nineteen forty nine, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply referred to as TCM Corporation. Over the years, TCM lift trucks have become a worldwide leader in lift truck manufacturing and have built a solid reputation in the industry. TCM began building forklift manufacturing sites outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over fifty years of accumulated expertise and technology, TCM has been proudly manufacturing numerous models of industrial trucks, making their models known all around the world. With a strong and energetic workers, TCM has been able to continually work towards becoming a future leading material handling company.
