Advance-Nilfisk Parts - Imagine how long and tedious it will really be to clean-up right after a party, with out assistance from equipment. Not too long ago, the dirt from upholstery and carpets had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the leading cleaning products during that time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Establishing the company in 1906, he started to make motors in order to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the start was to own an international business selling goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that could be operated by a single person as it only weighed 17.5 kilos! This invention came in a time where many cleaning machines were very big and needed 4 or more operators, therefore, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning machines provide an excellent solution to an ongoing dilemma; stuff get filthy and need to be cleaned regularly, without a lot of effort.

Slowly but progressively, Nilfisk-Advance expanded all through the decades. During the nineteen eighties, this growth actually took place the time the company became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the business, trying to be among the largest international players in the market of professional cleaning equipment. Nilfisk-Advance is now located in every part of the globe due to steadily obtaining many smaller businesses to be able to grow their product selection and presence in new markets. They are really proud to present different cleaning solutions to meet each need.
